2023 AFRICAN MUSIC AND CULTURAL FESTIVAL

Message from Her Excellency the Governor of Victoria

For ten years, the African Music and Cultural Festival has brought excitement and joy to the Victorian community, becoming an important date in our State's events calendar.

This year's program is a celebration of the rich diversity that exists within the many African communities that call Victoria home.

Through music, art, poetry, cinema, and food, we are reminded of the important strengths offered by the richness of our multicultural community which benefits us all.

On behalf of all Victorians, I congratulate all involved in organising the festival, and wish it every success.

Professor the Honourable Margaret Gardner AC
Governor of Victoria
