RE: FRV letter of support for the African Music and Cultural Festival

Fire Rescue Victoria is excited to attend and support this year's African Music and Cultural Festival.

For ten years the African Music and Cultural Festival has been showcasing the very best of African music and culture in the heart of Melbourne and so exciting to again see the extended 3-day program.

FRV have no doubt that due to its popularity, this year's event will be bigger than ever and will celebrate everything from music and food to fashion and film across an exciting extended program.

We understand that more than 35 countries and community organisations are represented, which is a huge credit to the African Music and Cultural Festival organisers and really showcases our multicultural state.

Congratulations to the dedicated team or organisers that continue to go above and beyond to produce this vibrant festival that highlights the brilliance of African music and culture.

FRV look forward to celebrating with you.

Yours Sincerely

Gavin Freeman AFSM
Commissioner
Fire Rescue Victoria
