

AFRICAN MUSIC AND CULTURAL FESTIVAL 2023

Melbourne is a wonderful, vibrant city, known for its celebration of cultural diversity and community. At the Melbourne Arts Precinct Corporation (MAP Co) we are proud of Fed Square's status as the city's civic and cultural heart.

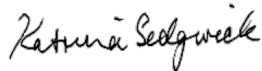

What really brings Fed Square alive, and demonstrates the value of having a public space open to all, are the community events it has the privilege of hosting. Since its opening in 2002, Fed Square has hosted cultural celebrations, community festivals, flag raisings and civic gatherings through our annual calendar of events.

MAP Co is proud to hold strong relationships with community organisations and fully embrace "*Celebrating Diversity and Harmony*".

The African Music and Cultural Festival (AMCF) has run at Fed Square since 2014. It is an incredible 3-day event that brings thousands of people together to celebrate African culture through art, performance, fashion, food and discussion. In 2023, MAP Co is also proudly a platinum sponsor of the event.

A warm congratulations to the AMCF and its partners as it commemorates its 10-year anniversary this year. We very much look forward to joining in the festivities.

Yours Sincerely,

Katrina Sedgwick OAM
Director and CEO
